SWUNG IN A SWING.

Missouri Mob Soon Ends Existence of Negro Reprobate.

STRANGE EXTORTION.

Under Threat of Killing the Wife and Child of a Legislator He Forces Latter to Give Him Six Hundred Dollars.

Calro, Ill., May 13.—Tom Witherspoon, a negro, was taken from officers at Belmont, Mo., fifteen miles below Cairo, at 6 o'clock Friday evening by a mob of several hundred persons and hanged in the public square to a large swing. Early Friday morning a negro, said to be Witherspoon, who only recently returned from the Missouri penitentiary, went to the home of Fred Hess, three miles below Belmont, and at the point of a rifle demanded \$600. Hess, who is a member of the Missouri legislature, told the negro that he did not have that much money in the house. The negro ordered him to go to Belmont and get the money. He compelled Hess to hitch up a horse and buggy and ordered him to get in with his wife and child.

The negro then saddled another horse and, mounting it, told Hess to drive toward Belmont, and when near the place the negro forced Mrs. Hess and child to get out of the buggy and enter a deserted shanty. The negro then told Hess to drive to Belmont and send the money back by a negro preacher inside of an hour or he would kill his wife and child. Hess hurried to Belmont and got the money and sent it back by a negro preacher. The desperado immediately mounted the horse and rode up the Iron Mountain railroad tracks. A posse was organized at once by Belmont and Columbus citizens and a small party followed the negro on a switch engine and discovered that he took refuge in the swamps around First Lake. He was captured and taken to Belmont by the officers. A mob of several hundred persons had formed in Belmont, and they immediately took charge of the negro and despite his begging and pleadings, they rushed him into the public square and secured a rope from a large swing and strung the negro up.

SEVERE BLOW DEALT.

Governing Body Will Meet to Discuss Calling Off Strike.

Chicago, May 13.—A severe blow was dealt the teamsters' strike by decision of governing board to have a meeting and decide whether or not to call off the strike. This decision followed a two hours' conference between officials of the union and Team Owners' association. The members of the latter body have all through the present strike been favorable to the teamsters rather than to the Employers' association. They however, the team owners bluntly informed the teamsters that their cause was lost, and that the best thing they could do was to call off the strike, and do it at once.

Hundreds of wagons were sent out by strike-bound houses and advertisements for teamsters filled the papers, and on every side there was evidence of the aggressiveness of employers. Department stores particularly caused large advertisements to appear simultaneously in newspapers announcing that men were wanted to "fill permanent positions" as teamsters and drivers. Protection was promised prospective drivers, and the character of men the department stores desired to recruit from was indicated by the fact that references were required from applicants. More of the advertisements state that "union or non-union" men would be accepted.

Kinsley's restaurant, famed as the scene of banquets, where presidents and royalty have dined, has been turned into a hotel, where non-union white and negro teamsters are housed and fed.

Charles Johnson, a colored man employed by the Standard Oil company, was mistaken for a strike-breaker by a mob at Wentworth avenue and Thirtieth street and so seriously injured that he may die. After being knocked down Johnson was kicked and one of his eyes almost gouged out. A riot call brought a wagon load of police, but before they arrived the crowd disappeared.

Washington, May 13.—The first intimation that Mrs. Patterson, the mother of Nan Patterson, had of her daughter's release was contained in the Associated Press bulletin from New York. Mrs. Patterson at first would not believe the news, but when convinced that the report was correct she collapsed, and physicians were hastily sent for.

Perhaps the great dramatic climax to the troubles of the former Florodora girl was the reunion in freedom with her sister, Mrs. J. Morgan Smith, and her brother-in-law, J. Morgan Smith, both of whom were discharged by Justice Cowing in the court of general sessions after being held on charges of conspiracy in connection with the Patterson case. Smith was also held for contempt of court in failing to obey a subpoena as a witness at the first trial. He was fined \$250 and released on this charge. Then came a surprise, for Nan Patterson herself paid the fine out of a \$300 check which had been given her by a friendly newspaper.

OVER FOR PRESENT.

No Serious Complications Are Expected at This Time.

St. Petersburg, May 13.—The danger of serious complications over the question of French neutrality is regarded as over for the present. Throughout there has been a disposition to make allowance for vexation and irritation manifested by Japan in her desire to safeguard her interests at the moment when future wars were talked upon issue of the coming naval battle. Nevertheless her willingness to assume a menacing attitude toward France upon the strength of a British alliance is regarded as being an eye opener for the powers. Despite the provocative tone of the British press, however, the British government has used its influence at Tokio in a pacific direction.

OFFICER SLAIN.

Shot and Killed While He Was Entering His Residence.

Nizhni, Novogorod, May 13.—The body of Lieutenant Colonel Greschner, shot and killed on entering his residence at midnight May 11, on his return from the theater, was buried Saturday with great pomp in the presence of a large concourse of people, including civil and military authorities. Prominent among the wreaths placed on the coffin was one with the following inscription: "Foully murdered for service.—The Emperor."

DUE TO DISMISSAL.

Vice Admiral Nazitoff Shot by An Orderly and Killed.

St. Petersburg, May 13.—Vice Admiral Nazitoff was shot and killed by an orderly in his room Saturday. The orderly fired three shots from a revolver at the admiral. The crime is attributed to the anger of the murderer for dismissal from duties of orderly and being ordered to proceed to the front.

Seventeen Sighted.

Hongkong, May 13.—Seventeen warships were sighted during the evening of May 10. Twelve were off Three Kings Rocks, near the entrance of Yan Fong bay. Transports were seen at Kuabepan, "Hon Hai-Kohe bay," seventy-five miles north of Kamranh Bay, the same day.

MANY PRESENT.

Farmers and Planters Filled Arkansas House of Representatives.

Little Rock, May 13.—Farmers and planters from towns within 200 miles of this city filled the house of representatives when Secretary Wilson and representatives of the department of agriculture delivered addresses Friday afternoon. Enthusiasm in the meeting was manifested by those present, and the speakers were frequently asked advice as to agricultural matters, and suggestions were freely made by them. Secretary Wilson spoke of the work of his department, and urged the necessity for an increased number of experimental stations, and that more attention be paid to the study of soils. To those present he recommended particularly the development of forestry. In Arkansas, saying Maine was the only other state where timber was as well provided.

Professor Spillman, chief of grass and forage investigation of the agricultural department, impressed upon his auditors the unwisdom of a study of agriculture which depends upon a single crop, and cited instances of prosperity following diversified farming. Mr. Carleton discussed grains.

WHITECAP CASES.

Four Hundred Citizens of Franklin County, Mississippi, Present.

Jackson, Miss., May 13.—The Franklin county whitecap cases were called for trial in the Federal court Friday. 400 Franklin county citizens being present. The cases against A. M. Newman, assessor; J. N. Halford, treasurer; James Whitehead and six others were called first. Demurrers were filed alleging that the indictments do not charge specific offenses, and Judge Niles took them under advisement. United States Senator McLaurin is among the attorneys for the defense. Three hundred Franklin county citizens are under indictment, charged with intimidating a government homesteader.

SUNDAY MORNING, MAY 14.

COL. R. H. HARRISON DEAD.

Was a Pioneer Texan and Mexican War Veteran.

Yesterday morning at 4 o'clock, at his home at Bedias, Texas, Col. R. H. Harrison breathed his last. Col. Harrison was in his 82nd year, and has been in failing health for nearly a year. Previous to that time during his long life he was active, healthy and strong, and hardly knew what it was to be sick.

Col. Harrison was a native of Tennessee and came to Texas in 1850, settling at the home where he died. Full of spirit, vitality and energy, he was a strong character and a successful man. He was engaged in farming and stock raising and accumulated a competence. His wife and five of the nine children born to them survive him. They are Mrs. N. M. McDougald, Mrs. Emma Spell and Dr. R. H. Harrison of Bryan, Mrs. B. M. Maret and Dr. Bev Harrison of Pankey. All were with him at the time of his death except Mrs. Spell, who lately returned from his bedside.

Col. Harrison was a Mexican war veteran, an Odd Fellow and a pioneer Texan—one of those sturdy characters who have helped to build the state and shape its destiny—a good man who will be sadly missed by family and friends.

Dr. N. M. McDougald, Mr. D. McDougald, Mrs. Emma Spell and Mrs. Jim Martin left yesterday afternoon to attend the funeral at Pankey this afternoon at 3:30 o'clock.

BASE BALL.

The Corsicana High School and Allen Academy baseball teams played on the Academy grounds yesterday. The teams seem to have been very unevenly matched, judging by the score, which was 18 to 0 in favor of the home team. The visitors were never able, during the entire game, to get beyond the second base.

The ball game between the A. and M. and Baylor yesterday afternoon resulted in another victory for the Farmers, by heavier odds than on the day before. Score 11 to 3.

The commissioners court has transferred \$5000 from the public building fund to the road and bridge fund, which wipes out the small overdraft and provides funds for continuing road and bridge work on a cash basis.

MUSTANGS STAMPEDE

New Yorkers Get a Taste of Life on the Range.

PONIES FRIGHTENED.

Animals Rushed Back and Forth on Streets, the Clatter of Hoofs Causing a Commotion in Upper West Side.

New York, May 13.—A taste of life on the range has been given to the residents of the Upper West Side by the stampeding of 100 mustangs at Nineteenth street and West End avenue. There was a wild scramble by the cowboys, who came east with the animals, which were to be sold here, but the bunch scattered in all directions. After three hours most of them had been rounded up by the aid of the police.

A small boy started the stampede by hurling a stone at the ponies. Quickly alarmed by the stone and by the unusual street scenes which had confronted them, on being unloaded at North river dock, packs of the animals dashed up and down Central Park West, Broadway, West End avenue and Riverside drive and rushed back and forth through the cross streets, the clatter of their hoofs alarming them and bringing crowds to windows as they passed. Part of the herd was caught at One Hundred and Tenth street and Central Park West. Another section rushed out to the end of Forty-fourth street pier with such speed that three of the animals were thrown into the river and drowned. On every street and avenue mounted men with ropes gave the section the air of a western round up. A horde of automobiles joined in the chase, with tooting horns and screaming passengers and increasing the excitement.

Numerous accidents were reported at various places over the district. But no one was seriously hurt. The most remarkable accident was at Fifth street and Eighth avenue, where a troop of twenty ponies ran into a crowd of pedestrians. Carriages and spectators scattered, but a bicyclist fell from his wheel in the middle of the road. The crowds screamed as they saw his danger, there apparently being no escape for him. The horses clattered at him in a solid line, and just as the terrified bicyclist expected to be ground under their hoofs the herd jumped over him. Not a hoof touched him and he escaped without a scratch.

At Ninety-eighth street and Central Park West, two of the horses, chased by a bicycle policeman, half clambered into an open car, terrified the passengers. The horses fell, sprang to their feet and escaped into the park. The vigorous use of automobiles, cowboys and mounted policemen gradually wore down the runaways and after about three hours nearly all had been recaptured, many so exhausted that they could scarcely stand.

MEET AT ST. LOUIS.

Important Conference Relative to Rate on Hauling Texas Cotton.

St. Louis, May 13.—Representatives of eastern bondholders, including the Mercantile and Central Trust companies of New York, and many large individual holdings, held a long conference here with lawyers representing practically every railway operating in Texas in an effort to arrive at a better understanding of traffic conditions.

It was stated the recent ruling of the Texas railway commission brought the rate for carrying cotton and other commodities to such a point that nearly all railways of that state have found it impossible to meet the fixed charges and operating expenses with present incomes. There was no official announcement made regarding whether the conference had decided upon any recommendation.

The order of the city council to purchase a pair of mules for general street work, cutting weeds, etc., provides that the committee, Aldermen Boyle and Covey, go to Fort Worth to make the purchase, and they will leave as soon as transportation, for which request has been made, arrives. The purchase of the mules is made necessary by the fact that the city's only team is now used to haul the street sprinkler. The Eagle is glad to note the purpose of the council to cut the weeds and get busy on the streets, which are badly in need of attention.

A NEW GERM THEORY.

Explains Cause of Much of the Sickness in Bryan.

It is well known that everyone swallows countless germs every day, many of them being positive disease germs which, under right conditions, result in serious sickness.

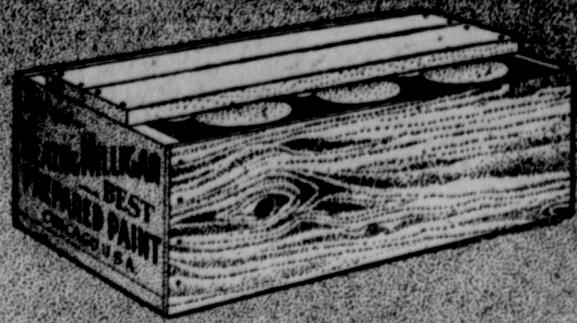

Dame Nature kills most of these germs when they reach the stomach and digestive organs with the natural juices secreted by the healthy stomach. As a usual thing it is only the person with a weak stomach and poor digestion who should fear the germs of disease.

The most recent theory of scientists is that the bodily health depends upon the natural action of the stomach. This explains why those who use Mi-o-na tablets are rarely ill. Taken before each meal, Mi-o-na strengthens the stomach so that disease germs are entirely neutralized or else driven from the system. You can eat what you want and all you want without fear of indigestion, if you take a Mi-o-na tablet before each meal.

Thousands of people are wasting away thinking that they have heart disease, liver complaint, or some kidney disorder, and that the resulting headache, dizziness, heartburn and general despondency and weakness is a sign of serious illness, when in reality there is nothing the matter with them but a weak stomach, which a fifty cent box of Mi-o-na tablets will restore to health and strength.

Mi-o-na is a guaranteed cure for all diseases of the stomach, excepting cancer. Ask E. J. Jenkins to show you the guarantee he gives with every package.

Indigestion Causes
Catarrh of the
Stomach.

For many years it has been supposed that
Catarrh of the Stomach caused indigestion
and dyspepsia, but the truth is exactly the
opposite. Indigestion causes catarrh. Re-
peated attacks of indigestion inflame the
mucous membranes lining the stomach and
exposes the nerves of the stomach, thus caus-
ing the glands to secrete mucin instead of
the juices of natural digestion. This is
called Catarrh of the Stomach.

Kodol Dyspepsia Cure

SOCIAL

and Club Matters

Mrs. W. H. Oliver made the hearts
of eighty little children, under the
age of 8 years, happy on last Wed-
nesday by opening her hospitable
doors to them. The delightful oc-
casion was a party given in honor of

Mrs. Oliver's nieces and nephews,
Misses Winifred and Mary Tatum,
Bain of Houston, Miss Zenobia Webb
and Masters George Samuel Parker
and John Kenneth Carr, from 5 until
6:30 o'clock. Ever ready for her
guests' pleasure, Mrs. Oliver pro-
vided everything possible for the
entertainment of her little friends.

Her aptness for original and deligh-
tful ways for passing an afternoon is
well known, and this affair was in
no respect an exception to the rule.

The beautiful lawn was full of happy
little ones engaged in different
games. Among the many things fur-
nished for the amusement of the
boys and girls was a saddle pony,
decorated in red, white and blue,
which created much of the fun of
the afternoon. As is always the case,

all wanted to ride at once, but
before the time came to go home
everyone had the pleasure of riding.

A game both simple and funny was
played. Each child was blindfolded
and given the job—for indeed it was
a job—of pinning a tail on Buster
Brown's dog "Tige." After all had
a trial Miss Kathleen McMichael

was the most fortunate among the
girls, and received a beautiful set-
ting. Master Marion Law Jr. cap-
tured the boy's prize, a base ball,
while Master Leslie Ballard and
Miss Mary James captured the
booby prizes—little rabbits filled
with candy. Splendid Mexican mu-
sic was enjoyed during the after-
noon. After enjoying delicious sher-
bet and cake the children again re-
sumed their play, and later, "Just as
the sun went down," they bade their
hosts and hostesses good-bye, each
assuring them it was one of the
nicest parties they had ever at-
tended.

Mrs. Tyler Haswell, one of Bryan's
most popular hostesses, materialized
a delightful entertainment Thursday
afternoon in honor of the seventh
birthday of Miss Ara Haswell.

Mr. and Mrs. Haswell never allow
their little daughter's birthday to
pass without giving her an oppor-
tunity to enjoy its celebration with
her little friends, and this year Mrs.
Haswell sent out seventy or eighty
invitations. These brought together
a merry and expectant company of
children, Mrs. Haswell's entertain-
ments always being so well planned
and executed. The lawn has never
looked as pretty as on this occasion,

when it was covered with happy
children running here and there,
some jumping the rope, some swing-
ing, and playing all kinds of other
games. A Mexican orchestra seated
on the lawn furnished splendid mu-
sic all the afternoon. In the dining
room was the birthday cake, placed
in the center of the polished table,
illuminated by seven red tapers.

Around the cake were placed the
birthday presents brought in by
Miss Ara's friends. They were nu-
merous and handsome. At a suitable
hour the birthday cake was carried
to the lawn and the children were
eager to cut so as to try their luck.

Master Albert Webb of El Paso cut
the dime, Master Read Wiprecht
the thimble, and Miss Mary Tatum
Bain of Houston the button. An ap-
petizing course of cream and cake
was served. With the approach of
evening the little people, with hearty
thanks for the good time enjoyed,
took their leave, and will long and
gratefully remember the occasion.

The regular weekly meeting of
the Bachelorettes was held Friday
afternoon with Miss Hattie Lou
Hudson at the pretty home of her
parents, Judge and Mrs. V. B. Hud-
son. The hostess entertained her
guests with the royal game of
Forty-two in honor of her cousin,
Miss Irene Gammill, of Calvert, who
is a charming visitor in this home.

The rooms were attractive with
many floral decorations. The re-
ception hall, parlor and dining room
were thrown into one room by open-
ing the sliding doors, and were frag-
rant with spring blossoms. The
score cards were hand-painted, and
represented slices of watermelon.

As each game was played a little
Negro was tied to each slice of melon.
Four tables were used and four
games played. There were no prizes
given, but this fact did not lessen
the interest of the games. Salted
peanuts were placed on each table
during the progress of the games.

Miss Hattie Lou was ably assisted
in entertaining by her mother, Mrs.
Hudson; also in serving a refresh-
ing course of cream and cake. The
club meets next Friday afternoon
with Misses Ruby and Vivian
James.

The most notable social event of
the week was the Bryan Light Guard
dance at the armory on Friday eve-
ning. The decorations were brilliant
and handsome and included flags,
bunting, flowers and pot plants, with
arms stacked. The colors adorned
the walls and were suspended from
the ceiling. The Texas lone star,
shields and stands of colors were
effectively used. Settees were pro-
vided on the front veranda, where
the decorations were also seen, and
here the intervals between the
dances were spent. Capt. Howard
Cavitt and Miss Sadie Cavitt led the
grand march, a beautiful flag figure.

About twenty-five couples were pre-
sent and thoroughly enjoyed the
evening. Mr. and Mrs. T. K. Law-
rence and Mr. and Mrs. S. C. Wil-
liams were the chaperones. Music
was supplied by a Mexican orches-
tra.

Miss Jennie Howell, sponsor of
Company "C," corps of cadets, will
entertain in honor of the company
Friday evening, May 19, at the home
of her parents, Dr. and Mrs. J. W.
Howell.

Mrs. Laura Koppe announces the
engagement of her daughter, Miss
Catherine May Horetzky, to Mr.
Samuel Walter Fant of Houston.
Miss Horetzky is one of Bryan's
lovely daughters, charming in dis-
position and possessed of many
friends here and in Houston and
other cities of the state. Mr. Fant
is a prominent and popular young
business man of Houston, and is
now building a handsome two story
residence in that city.

The following invitation has been
issued:

ESTIMATE OF DEAD.

Killed In and Near Snyder Put at One
Hundred and Twenty-Five.

Snyder, Okla., May 13.—All estimates
of the number killed in the tornado
make the total 125. The tornado trav-
eled thirty-five miles, cutting a path
from a quarter to a half mile wide.
Farm houses in this path were demol-
ished and occupants killed or injured.

Two men dead and another barely
alive were found in a heap of rubbish
piled against railroad freight cars near
the station. They had been there since
Wednesday night at 8:15 o'clock, at
which time every clock in town stop-
ped.

Statements that approximately 400
persons were injured are current, but
most of these suffered only slight
bruises.

A relief committee has been formed
and an appeal made for assistance. It
is addressed to the people of the United
States. The appeal says money is
urgently needed; that 300 families have
been ruined. The property loss, in-
cluding crops, stock and horses, will
reach \$500,000. Almost continuous
rains since the tornado have rendered
the roads almost impassable. Fifteen
hundred people require aid.

If Snyder can receive aid to tide
over the immediate present the town
will be rebuilt. The sound of the ham-
mer and the buzz of the saw were ming-
led Friday afternoon with the moans
of the wounded and the rumble of the
wheels of hearses. Already new
shingles are being placed on the roofs
of houses that were only partially un-
roofed and gangs of volunteer workers
are engaged in clearing the streets.

The work of repairing the damage
done by the storm has been thoroughly
systematized and the efforts of relief
committees are gauged entirely by the
amount of funds on hand and in sight.

Friday was burial day in Snyder.
Nearly 100 corpses were interred. The
weather was gloomy and disagree-
able during the morning as were the
survivors who had to perform this sad
task. Soon after daylight a heavy wind
came up, to be followed soon by a rain
which was even heavier. Water came
down in sheets. Streets were flooded.

The dead were carried away to the
cemetery in such vehicles as were
available. The injured, many of whom
had suffered pain almost constantly
since the catastrophe, were carried
from the large general hospital which
had been improvised to a place where
the roof did not leak. The water ran
in sheets into the hospital which has
been used since the cyclone. It fell
through the roof in holes created by the
tornado. There were few places where
one could keep dry, and fifteen min-
utes after the rain began to fall 99
per cent of the population had been
drenched to the skin. Scenes at the
burial were unusual and pathetic.

REQUISITION MADE.

War Department Called Upon to Send
Rations to Snyder.

Lawton, May 13.—Colonel Kingsbury
commandant of the Eighth cavalry, lo-
cated at Fort Sill, has made a requisit-
ion upon the war department for or-
ders to send troops to Snyder with ra-
tions for the tornado sufferers. The
engineering corps of the Oklahoma
National Guard started for Snyder
with twenty-five tents to be used as
temporary homes for the destitute.

A heavy rain and windstorm pre-
valled in southwestern Oklahoma, as-
suming the proportions of a cloudburst
near Lawton. The streets of Lawton
were flooded, and water ran into many
homes, entering in some places the
temporary hospital, where several in-
jured brought here from Snyder were
being quartered.

Approved by President.

Washington, May 13.—President
Roosevelt has approved the recom-
mendation of Secretary Morton that
the body of John Paul Jones be buried
at Annapolis, Md.

Noted Railroader Dead.

Richmond, Va., May 13.—Major E.

mond, Fredericksburg and Potomac
